

CORPORATE GOVERNANCE REPORT

Rejlers is a Swedish public limited company and is regulated by Swedish legislation. The company's Class B shares are listed for trade on Nasdaq Stockholm, which is why the company applies Nasdaq Stockholm's rules.

Rejlers corporate governance is based on the Swedish Companies Act, the articles of association as approved by the shareholders and obligations the company has undertaken through contracts such as the listing agreement with Nasdaq OMX. As a result of the listing contract, Rejlers has applied the Swedish Corporate Governance Code since 1 July 2008. In addition to this, Rejlers is required to comply with applicable Swedish and foreign laws and regulations.

Shareholders

Rejlers Class B shares have been noted on the NASDAQ OMX Nordic list, the regulated market for share trading, since 18 December 2006. Before then, the share had been listed on the Nordic Growth Market, NGM, since 8 May 2003.

As a result of the rights issue that Rejlers conducted, the number of shares and votes in the company changed in April 2017. The total number of shares in the company increased by 498,000 Class A shares, corresponding to 4,980,000 votes, and 4,668,188 Class B shares, corresponding to 4,668,188 votes. The total number of shares in the company amounts to 18,087,909, of which 1,749,250 are Class A shares and 16,338,659 Class B shares. The number of votes at Rejlers now totals 33,831,159. After the share issue, the share capital accordingly increased by SEK 10,332,376 from SEK 25,843,442 to SEK 36,175,818.

Upon request from the shareholder, Class A shares may be transformed into Class B shares. There is no limit to how many votes a shareholder may cast at the AGM. Class A shares confer 10 votes per share while Class B shares confer 1 vote per share. Shareholders with more than 10 per cent of the votes are Peter Rejler and Jan Rejler through a company.

Annual General Meeting and Extraordinary General Meeting

The General Meeting of shareholders is the company's highest decision-making body in which all shareholders have the right to participate in the decisions. If an individual shareholder wishes to have a matter for resolution taken up at the AGM, it must be submitted in writing to the Board no later than seven weeks before the AGM. In accordance with the articles of association, notice to attend must be entered in the Official Swedish Gazette (Post- och Inrikes Tidningar) and posted on the company's website. Information regarding the promulgation of a notice to attend must be provided in an advertisement in Dagens Nyheter.

Rejlers' AGM for the 2016 financial year took place on 24 April 2017 in Stockholm. The AGM was attended by 25 shareholders who represented 71.4 per cent of the company's votes and 50.5 per cent of equity. The company auditor and all of the Board members elected by the AGM were present at the meeting. The AGM was chaired by Chairman of the Board, Ivar Verner. Minutes from the AGM are available on the company website, www.rejlers.com.

The AGM resolved, *inter alia*:

- That, in accordance with the Board's proposal, the company's profit and unappropriated earnings of SEK 171,013,745 shall be brought forward.
- That no dividends be paid for the 2016 financial year.
- To adopt the income statement and balance sheet and consolidated income statement and consolidated balance sheet, in accordance with the Board's proposal.

- To discharge the members of the Board and CEO from liability as proposed by the auditor.
- That, in accordance with the Nomination Committee's proposal, the Board of Directors shall consist of Ivar Verner, Helena Nordman-Knutson, Thord Wilkne, Jan Samuelsson, Peter Rejlers and Annika Steiber for the time until the end of the next AGM. Ivar Verner was elected the Chairman of the Board.
- The adoption of principles for Nomination Committee assignments and appointments and the guidelines for remuneration of senior executives.
- To authorize the Board to pass a resolution for the issue of a maximum of 600,000 Class B shares without preferential rights for existing shareholders.
- To approve a change in Section 4 and Section 5 Paragraph 1 of the Articles of Association in accordance with the Board's proposal. The change means that the share capital's limits are changed to be no lower than SEK 12,000,000 and no higher than SEK 48,000,000, and that the limits for the number of shares shall be changed to total at least 6,000,000 and at most 24,000,000. Through the change, a maximum number of 3,690,000 Class A shares and 20,310,000 Class B shares shall be able to be issued.

All of the AGM resolutions were passed unanimously. In addition to the AGM, Rejlers held one Extraordinary General Meeting during 2017. The 2018 AGM in respect of the 2017 financial year will be held on 7 May 2018 in Stockholm.

Extraordinary General Meeting

Rejlers held an Extraordinary General Meeting on 13 March 2017.

At the Extraordinary General Meeting, it was resolved:

- To approve the Board's proposal on the new issue of Class A and Class B shares with preferential rights for the shareholders.

Nomination Committee

The General Meeting adopts guidelines for the appointment of the Nomination Committee. The Nomination Committee nominates members to Rejlers' Board who are then proposed to the AGM. The Nomination Committee's work begins with an evaluation of the incumbent Board. When making nominations to the future Board, the Nomination Committee takes into consideration the potential members' strategic skills, education and any other Board work.

The Nomination Committee also solicits points of view from the principal owners. The Nomination Committee submits proposals regarding remuneration of members of the Board at the AGM. The Nomination Committee also submits proposals regarding the election of auditors. The Nomination Committee charged with preparing agenda items prior to the 2018 AGM consists of Kent Hägglund representing Peter Rejler, Martina Rejler representing Jan Rejler and Johan Lannebo representing Lannebo Fonder.

The Nomination Committee must draft proposals regarding: the AGM chair, the number of Board members, fees to Board members, Board members and Chairman of the Board, the number of auditors, how the Nomination Committee should be appointed before the 2018 AGM and the Nomination Committee's assignment.

As the basis for the Nomination Committee's work, the chairman of the Board and the CEO submitted a report on the work of the Board during the year. Furthermore, an annual evaluation of the Board was carried out on behalf of the Nomination Committee.

Diversity

All Board assignments in Rejlers AB aim to maintain and improve the Board's overall effectiveness. In the election of Board members, Rejlers therefore strives for the Board to have enough expertise in the company's operations, business areas, markets and development, among others. To achieve this, a broad distribution of characteristics and competencies is strived for. In addition, diversity with regard to age, gender, geographic origins, education and professional background is important to take into account. Rejlers actively works for diversity on the Board.

Board of Directors

Rejlers Board and the Chairman of the Board are appointed by the General Meeting. The Board approves Rejlers strategy and objectives, issues steering documents, ensures effective evaluation of operations and monitors the company's development and financial situation. During the 2017 financial year, the Board consisted of six members, who are presented in greater detail on page 9. The Board held 12 minuted meetings during the 2017 financial year. Average attendance was 97 per cent, and on average Board meetings lasted around three hours. Representatives from Group management and other management personnel regularly participated in Board meetings during the year to discuss issues in their respective areas. The Board is also responsible for acquisitions and divestments of operations, major investments and the appointment of the CEO. The Board also approves business plans, the annual accounts and monitors the work of the President.

The union organizations appointed Björn Lauber and Sten Pettersson as Board members and Tore Gregorsson as a deputy member.

Ivar Verner was elected by the Annual General Meeting as the Chairman of the Board. The Audit Committee consists of Jan Samuelsson (chair), Helena Nordman-Knutson and Ivar Verner. The Board in its entirety forms the Remuneration Committee. The Investment Committee consists of Peter Rejler and Ivar Verner, as well as Annika Steiber in certain investment issues.

In addition to CEO Peter Rejler (Board member), other salaried employees from the organization take part in the work of the Board to report on specific matters.

The Board's rules of procedure

The Board has not allocated any specific areas of responsibility between its members. In addition to the allocation of responsibility that applies generally under the Swedish Companies Act, the Articles Of Association and the Swedish Corporate Governance Code, the Board's work is governed by its rules of procedure, which stipulate that the Board must:

- In addition to the statutory meeting, hold five ordinary meetings
- Establish the overarching objectives for the company's operations and decide on company's strategy
- Approve the budget and corresponding long-term plans including the investment budget
- Address and approve matters regarding tenders and projects with amounts in excess of SEK 30 million.
- Decide on the purchase and sale of real estate, shares or the acquisition of another company's operations in excess of SEK 15 million
- Appoint an Audit Committee
- Appoint a Projects/Investment Committee
- Submit the annual accounts, administration report and interim reports
- Raising of loans
- Initiate major processes and the settlement of disputes of material significance
- Other issues of material financial or other significance

The following items must be taken up at every ordinary Board meeting:

- A report on the company's activities including its financial management
- A report on exceptional measures taken or events occurring between Board meetings
- The development of major projects in progress and anticipated business events
- A report on existing or potential disputes that may have a significant impact on the company's operations

Tore Gregorsson	Deputy member	Yes	2016	3/3

¹⁾ Dependent in relation to the company through employment as well as major shareholder.

The Chairman of the Board is the link between the CEO and the other Board members. The Chairman is tasked with directing the work of the Board and ensuring that the Board complies with applicable laws, rules and recommendations.

The Board is evaluated on an ongoing basis, both in respect of the Board as a whole and its individual Board Members. During 2017, the evaluation was carried out in the form of a Board questionnaire under the direction of the Nomination Committee. The entire Board took part in the questionnaire and discussed the evaluation. On the same occasion the Board evaluated the CEO and the company's management in their absence, but with the company auditor present. The company auditor participated in one Board meeting in connection with closing the annual accounts. The company's interim report for the third quarter was reviewed by the company's auditor and reported to the Board's Audit Committee.

Internal control

At present, it is the Board's assessment that the company's size and complexity do not motivate a special internal audit unit, but rather that the accounting function will take care of the continuous controls and conduct improvement projects in financial management and control. Internally, audits are done of the commissioned work, follow-up of outcomes and potential needs for changed procedures. A new assessment will be made during the year.

Audit committee

In connection with the statutory Board meeting after the 2017 AGM, the Board appointed an Audit Committee, comprising Jan Samuelsson (Chairman), Helena Nordman-Knutson and Ivar Verner. The Audit Committee held five meetings during the year. The committee reporter is the company's CFO.

The Audit Committee has the main task of ensuring compliance to established principles for financial reporting and internal control. The Audit Committee also monitors the company's continuous risk management, establishes supplemental instructions to the auditors for the audit effort, and monitors compliance to laws, ordinances, listing agreements and the Swedish Corporate Governance Code. The Audit Committee also makes sure that other assignments in addition to audits carried out by the company's auditors are within the framework of approved policy.

The Audit Committee reviewed steering documents and policies during the year.

In addition, the Audit Committee monitors changes to audit rules that may have an effect on the company's financial reporting and the external financial disclosures, and it also evaluates the need for an internal audit function.

Project/Investment Committee

At its statutory meeting following the 2017 AGM, the Board appointed a Projects/Investment Committee comprising Ivar Verner (chairman), Annika Steiber in certain investment issues and Peter Rejler. The committee reporter is usually the company's CFO.

The principal task of the Investment Committee is to discuss matters relating to investments that require a Board decision. The Investment Committee had no meetings in 2017. The company had one major tender that was addressed by the full Board at an ordinary Board meeting.

Remuneration committee

The Board has decided not to appoint a special remuneration committee. Instead, the Board in its entirety will constitute a remuneration committee and will address e.g. remunerations and employment issues regarding the President and the other senior executives based on the guidelines adopted by the AGM. The remuneration committee is represented by the Chairman of the Board in negotiations with the CEO.

Remuneration

Resolutions were made during the 2017 AGM regarding guidelines for remuneration of the CEO and senior executives. These were mainly the same as in previous years. The main principle for these guidelines is that senior executives at Rejlers must be offered remuneration on market terms to enable the company to attract, develop and retain key individuals. The remuneration structure may be made up of a basic salary, variable remuneration and in certain cases other benefits. The variable remuneration for senior executives is limited to a maximum 60 per cent of basic salary. The full guidelines are available appended to the AGM minutes and on the company website. The term senior executives refers to the members of the Group's management group.

The AGM approved remuneration of the Board in the amount of SEK 370,000 to the Chairman of the Board and SEK 200,000 each to the other members who are not Rejlers employees. An additional SEK 225,000 was set aside for committee work.

See Note 7 to the annual accounts for remuneration of the Board.

CEO and Group management

The CEO is appointed by the Board and is tasked with the day-to-day administration of the company in accordance with the guidelines and instructions contained in law, the articles of association and the internal work instructions.

Day-to-day management includes all measures that, in consideration of the scope and nature of the company's operations, are of an unusual character or of great significance or are expressly defined as falling within the responsibility of the Board.

Peter Rejler has been President and CEO for Rejlers since 1 April 2014. He was born in 1966 and has worked within Rejlers since 1998.

In 1999, he took up his post as President of Rejlers' operations until 2012. During the period 2012-2014, he was the executive Chairman of the Board but returned to his role as CEO as of 1 April 2014. Peter holds a Bachelor of Science in Electronics and a Master of Science in Mechanical Engineering.

The CEO directs the work of Group management and makes decisions in consultation with other members of the management team. Group management holds regular meetings under the direction of the CEO. Between these meetings, regular checks are made regarding the status of each operation. Group management prepares an annual business plan which is followed up through monthly reports that focus on profitability, cost control and cash flow. Group management comprised the CEO, the CFO, the Heads of operations for Sweden and Finland, the Head of Norway and Embriq, the CIO, the Communication Director and the Head of HR, eight members in all.

Information about the CEO and the members of the Group management team, their ages, education and shareholdings, is available in the Group Management section on page 10.

Audits

The AGM's tasks include selecting an auditor. The AGM elected Deloitte as auditors for a period of four years, with Authorized Public Accountant Birgitta Lööf as auditor-in-charge. Deloitte audits all active Rejlers companies in Sweden, Finland and Norway which were wholly owned by Rejlers during 2017 except Embriq. The auditor works from an audit plan and reports her observations to the Audit Committee on an ongoing basis throughout the year. Reporting to the Board takes place in conjunction with the annual closing of accounts.

A review of internal procedures and control systems is also carried out in conjunction with the audit review.

In addition to the audit review, Deloitte was also engaged for other assignments. Among other things, the work included tax issues along with various audit issues (see also Note 8 to the annual accounts). All of the assignments fall within the framework of policy laid down by the Audit Committee.

Remuneration of the company auditors for 2017 and 2016 are presented in the Annual Report.

Financial reporting and information

The company handles public announcements in accordance with the Market Abuse Regulation, and continuously provides information on the company's development and financial position. Information is provided regularly in the form of:

- Interim reports
- Rejlers' annual report
- Press releases about news and events that may materially affect the valuation and future prospects of the company. Rejlers' policy is to publish orders that are of strategic value
- Presentations for financial analysts, investors and media
- Rejlers' website – www.rejlers.com – where the information described above is available

The Board's description of the internal control system and risk management

Control environment

The control environment constitutes the basis of internal control. The control environment creates the culture upon which Rejlers operates and defines steering documents, standards and guidelines for the operation's actions. In practical terms, the control environment consists of policies, documented guidelines, manuals and instructions disseminated throughout the organization. The quality management system is supplemented by a series of documented directives, which include a financial manual containing guidelines for accounting and financial management together with the information policy. Rejlers maintains a quality management system that includes procedures, instructions and templates for relevant processes. Rejlers is always busy developing and improving quality and processes in order to meet the standards customers, suppliers and employees expect of a consultancy. The organizational structure is transparent, with defined roles and responsibilities that are communicated through documented work instructions for the Board, Board committees, the President and managers in the Group. There are rules of procedure for the Board and instructions for the CEO of each company in the Group, based on the same principles as those for Rejlers AB.

Each company has a board tasked with continuously ensuring compliance with the overall guidelines and policies and making regular assessments of the company's financial situation.

The boards each have at their disposal a president, who in the larger subsidiaries also has a management group. In each of the countries concerned, the Rejlers organization allows local units great independence. Managers at all levels have clearly assigned responsibilities and powers to develop their operations based on local conditions and their customers' needs. Regular evaluations are conducted in the organization at both function and departmental level in order to ensure relevant knowledge of financial reporting in the organization. The aim is the ability to guarantee with reasonable certainty

that Rejlers' short-term and long-term targets are achieved. The aim of risk management and internal controls in connection with financial reporting is the ability to guarantee with reasonable certainty that the external financial reporting is reliable with regard to interim reporting, annual reporting and the annual accounts, and to ensure that the external financial reporting is prepared in accordance with laws, applicable financial reporting standards and other requirements that must be met by listed companies.

Information and communication

The most important steering documents regarding the financial statements are continuously updated and communicated to relevant employees over the company's intranet, information letters, regular meetings, etc. Information channels are established to communicate to concerned employees in the organization as effectively as possible. Rejlers also has an information policy in regard to both internal and external communication.

Control activities

The control structure is designed to manage the risks the Board and the senior management consider significant for operational activities, compliance with laws and regulations and financial reporting. Defined decision-making procedures, including an authorization manual, are established e.g. for investments and signing of contracts. Where appropriate, automatic controls specifically related to financial reporting have been established. Most control activities are integrated into the company's key processes, such as order booking, revenue recognition, investments, supplier contracts and purchases. To ensure risks in customer projects are noted, managed and correctly reflected in financial reporting, a separate function is being set up, the Project Building. The Project Building will carry out regular checks to ensure customer projects are run in compliance with Rejlers' quality management system in regard to both implementation and financial follow-up. The IT structure is designed to handle potential risks in the entire operation. Special controls are in IT systems related to the processes that affect the financial reporting.

Monitoring

Each unit head is responsible for ensuring adequate internal control in the unit concerned and for ensuring that the units comply with the Group's directives for financial reporting. In addition, the internal control structure of separate, decentralized functions is reviewed by a special function. Because the Board considers Rejlers' significant areas of risk to be covered by the reviews carried out, it sees no current need to set up a separate function for internal audit at present.

Stockholm, 5 April 2018
Board of Directors Rejlers AB
